Reply to Final Office Action filed March 21 2006 is acknowledged. Claims 1-31, 37, 38, 35-40 and 44 have been previously cancelled. Claim 32 has been currently amended. Claims 32-34 and 41-43 are pending and under examination.

DETAILED ACTION

1. Rejections

1.1. 35 USC, section 112, second paragraph

Claim 32 and dependent claims 33-34, 41-43 were rejected under this paragraph in the Office Action of Nov. 23, 2005 (previous action). The rejection is now withdrawn, because claim 32 has been amended.

1.2. 35 USC, section 112, first paragraph

Claim 32-34 and 41-43 were rejected in the previous action as directed to a method of altering activity of DNA demethylase in a cell comprising amino acids 150-411 of SEQ ID NO: 2. The claims were generic, because of lack of sufficient written description and enablement for the broad scope of the phrase "a cell comprising amino acids 150-411 of SEQ ID NO: 2". The rejection is now withdrawn, because the scope of the claims has been limited to an isolated human cell that is described and enabled.

2. Allowance

Claims 32-34 and 41-43 are allowed for reasons indicated in previous Office Actions, particularly as explained in the Office Action of Nov. 23, 2005.

Art Unit: 1652

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
